Computer Needs/info – Hardeep

4. Principals Report/Notes:

- Stitos staff is excited to announce a Cafeteria Program with Sandra Botran whom is an experienced Caterer, is offering a Lunch menu to all students. The order form must be filled out by the student/parent,

with exact change/cash (payment) placed in sealed bag and handed into their teacher as soon as the day begins. The menu does have the ability to have changes made to it if needed in the future. Currently the staff worked with Sandra to choose a variety of menu options that would suit children's interests. For children who forget to hand in their order forms before due time (prior to recess/mid-morning) and was relying on their order for lunch, Bowls of Hope is available for them to partake.

- Stitios La:lem Toti:lt Elementary & Middle School currently sits at 588 student enrollment & are still taking in registrations. The class lists plan to be sorted out by Thursday September 8th. There are 12 classes on the second level & the gyms are currently being worked on.
- The multigrade classrooms were well thought out and were created to harness the vast knowledge needs of the entire age group.
- Furniture, Technology & Equipment was purchased to serve 950 students.
- The school is still under construction, although it was said to be finished by August 24th, the new date of completion is October 21st. All workers that are on site have criminal record checks & wear high visibility vests as they may be in and around the school grounds during school hours.
- There are 8 buses that serve Stitios, the first one to arrive in the morning arrives at 0755.
- The school is outfitted with furniture that has been thought out on how it can be used for years to come; for instance, the woodwork tables have inserts so that just the inserts can be removed and used for other projects and replaced vs replacing the whole table- top. Many of the student's desks & tables have a white board for the tabletops, the science room has rolling tables to allow larger groups to work together and have better access and maneuverability.

5. Next meeting – end of September 2022 with Nominations & Voting/Elections

Date & Time of Next meeting: **MONDAY SEPTEMBER 26 @ 7PM**

6. Adjournment @ 7:52pm
